How to use the service marks and trademarks properly:

1. **Always use trademarks as adjectives modifying nouns; never use them as standalone nouns.** Examples include “FIM® rating” and “UDS-PRO® software.”
2. **Use the trademark symbols each time a trademarked term is used in every work, table, and chart.**
3. **Use each trademark as it has been registered; never modify a service mark or trademark, even in possessive form.** For example, use “FIM® assessments,” not “FIMs.”
4. **Place an explanation of all trademarks at the bottom (or along the side) of a document’s first page.**

Insert all trademarks used in the document into one of the following formats:

- _____ is a trademark of Uniform Data System for Medical Rehabilitation, a division of UB Foundation Activities, Inc.
- _____ are trademarks of Uniform Data System for Medical Rehabilitation, a division of UB Foundation Activities, Inc.
